Alecia learns her entire life (and the death of her family, are irrelevant to the larger struggle in her fantastical world, in which the "Saintess", Ophelia banishes a demon-knight.

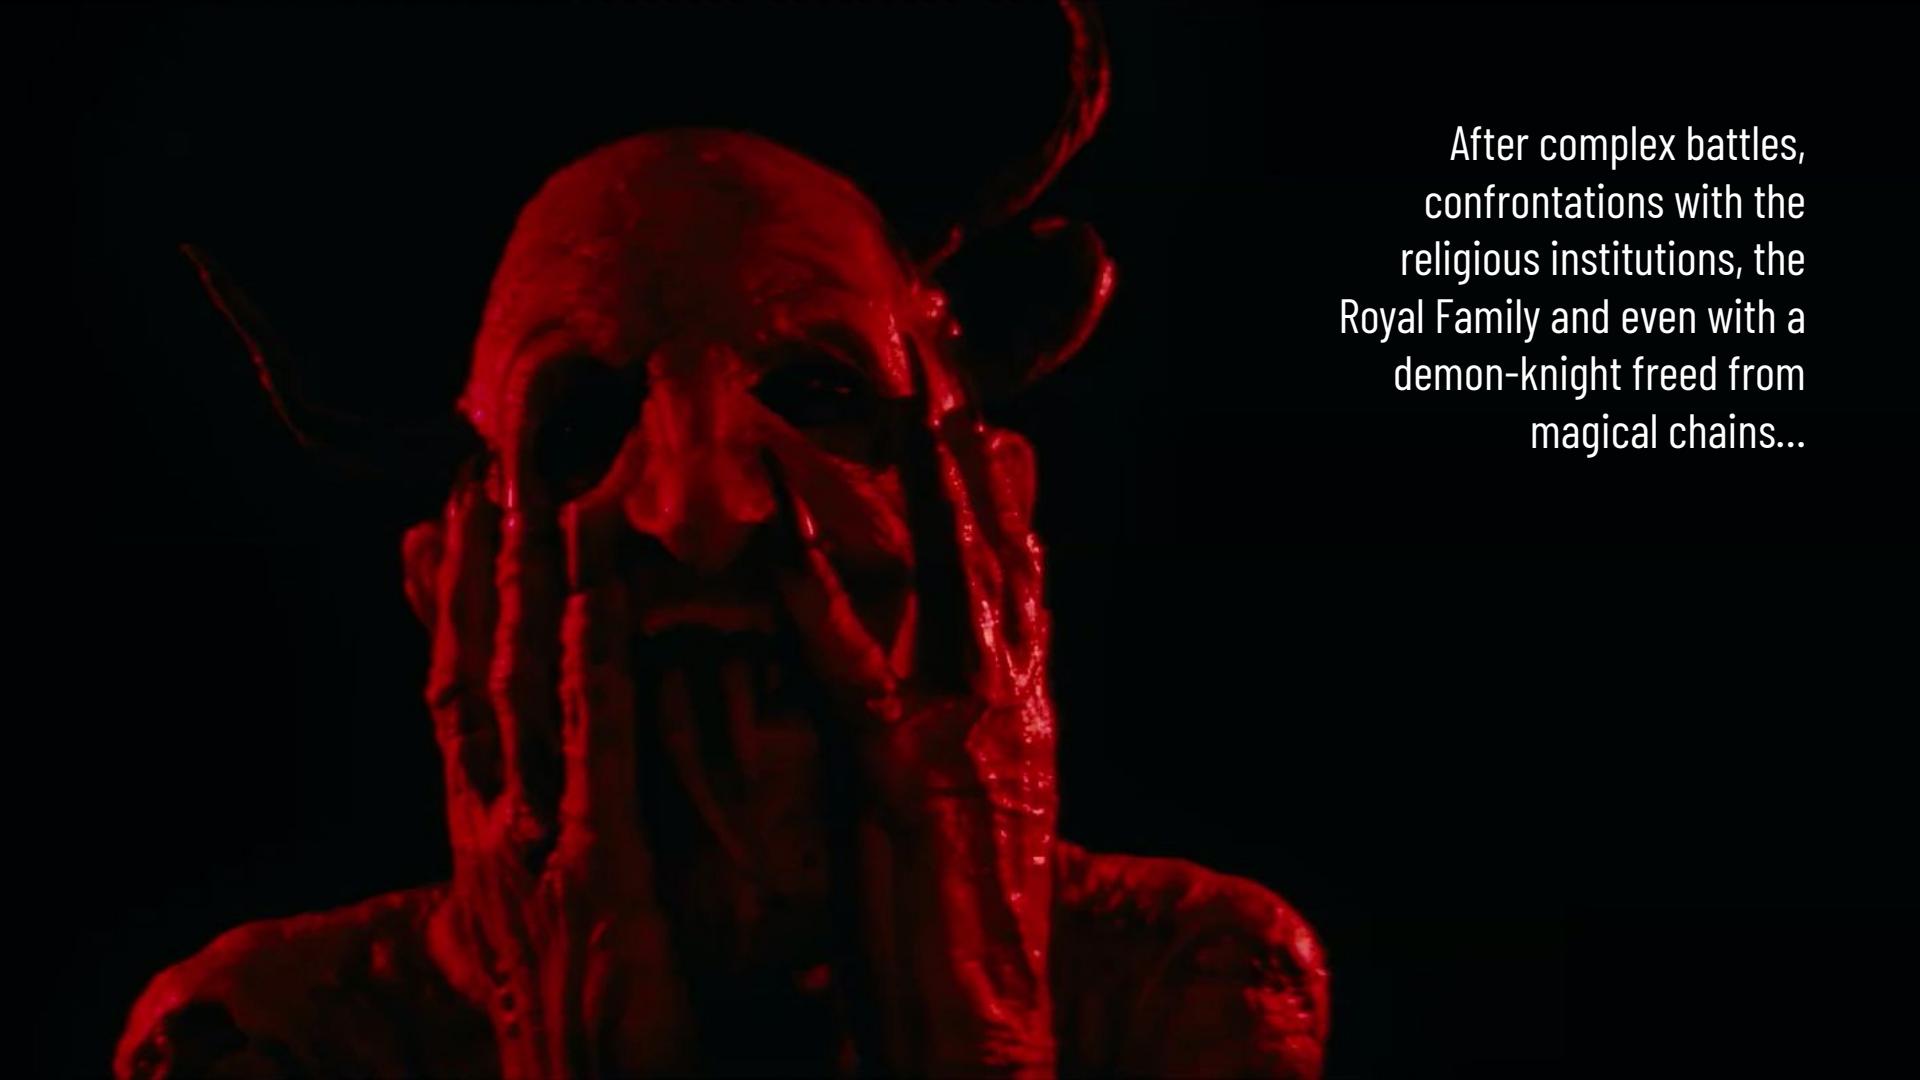

A close-up, low-key lighting shot focusing on a person's hands and feet. The hands are shown from the side, wearing dark leather gloves, and are working on a pair of dark leather boots. The boots have intricate white stitching patterns on the toe caps. The background is dark and out of focus.

Unwilling to be relegated to the margins, Alecia frees
herself and vows to get her revenge on Ophelia.

She encounters Norman Diazi, the most handsome knight in the realm.

Together, as their love grows, they vow to write new endings for themselves, rather than what was foretold.

After complex battles,
confrontations with the
religious institutions, the
Royal Family and even with a
demon-knight freed from
magical chains...

Alecia uses her brilliance to reposition
her land from a Monarchy to a Republic,
empowering the People to determine
their own destiny, as she tries to
reshape her own!

But for all of Alecia's tenacity, she is fundamentally mistaken about one thing – Ophelia, her mortal enemy, is, in fact, her silently suffering savior, who sacrificed her own magical powers to ensure Alecia survived the demon...

A close-up, low-key lighting photograph of a man and a woman in a romantic embrace. The man, wearing a dark suit jacket, is kissing the woman's forehead. The woman has long, light-colored hair and is looking up at him. They are positioned against a dark, textured wall.

...to find happiness with Norman.
